Vetal 3
Portable Veterinary Monitor
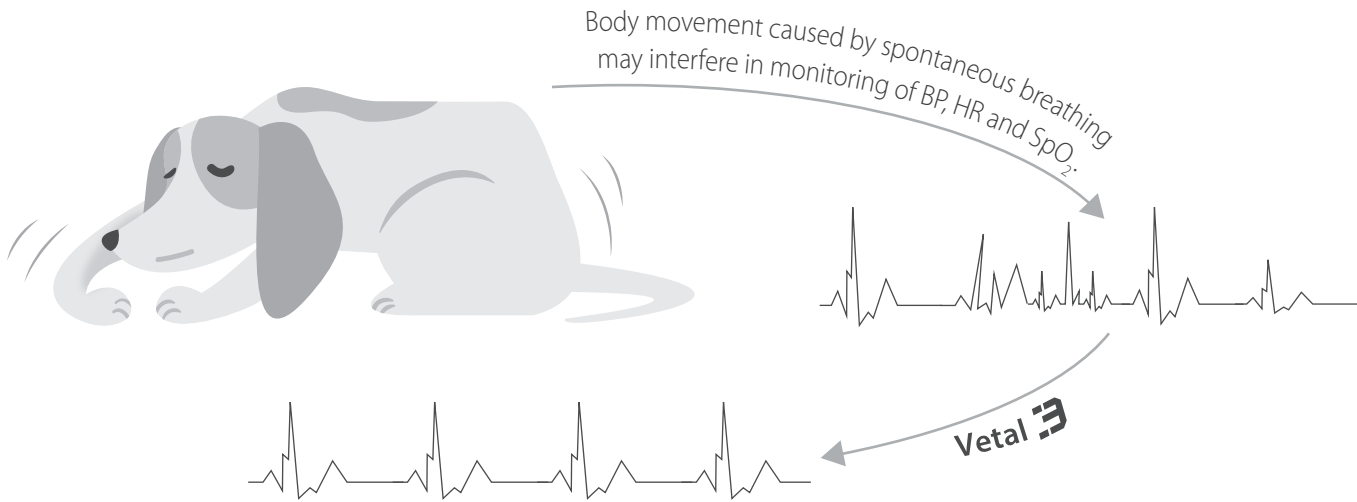

Accurate · Intuitive · Stylish

Pet Guardian

With your budget in mind, **Vetal 3** veterinary monitor is designed to be essentially configured and intuitive to use. The basic parameter ECG, SpO_2, NIBP, TEMP, RESP and advanced parameter $EtCO_2$ are integrated which can meet most of clinical requirements and provide efficient and quality care.

ECG
RR
NIBP
$EtCO_2$
SpO_2
Temp

Accurate and reliable
First step for safety

- With optimized parameter algorithms and dedicated accessories for veterinary daily practice, Vetal 3 caters to clinical needs by offering precise and stable measurements.

Body movement caused by spontaneous breathing may interfere in monitoring of BP, HR and SpO_2.

Vetal 3

- Eco friendly fanless design to prevent hair entanglement, improves product reliability and service life.

## Intuitive to use
Quick response to clinical case

Startup Guide function for a brief introduction of hard keys and screen interface, helping master the monitor on the first use.
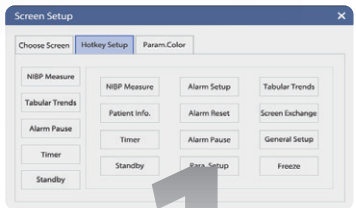

Automatically match the alarm range after patient type selection and inputting body weight.

Turning complexity into simplicity, you can access all functions in two steps with **friendly workflow design**.

0 User-defined quick keys, access the common function directly

1 One click to main menu with all function listed

2 All settings within two steps

Stylish in design
Delivering a more comfortable user experience

- 10.1 inch high resolution LED screen, presenting high-quality display
- Unique love-paw alarm indicator for a vivid experience

10.1"

- Anti-glare screen makes it easily to read. Vet could provide treatment or adjust drugs as soon as possible to increase security.
